TABLE OF CONTENTS

1.0 Splash Screen ✓UI

1:23 PM

Ticket Blast Logo

Copyright Todd Salkovitz 2013
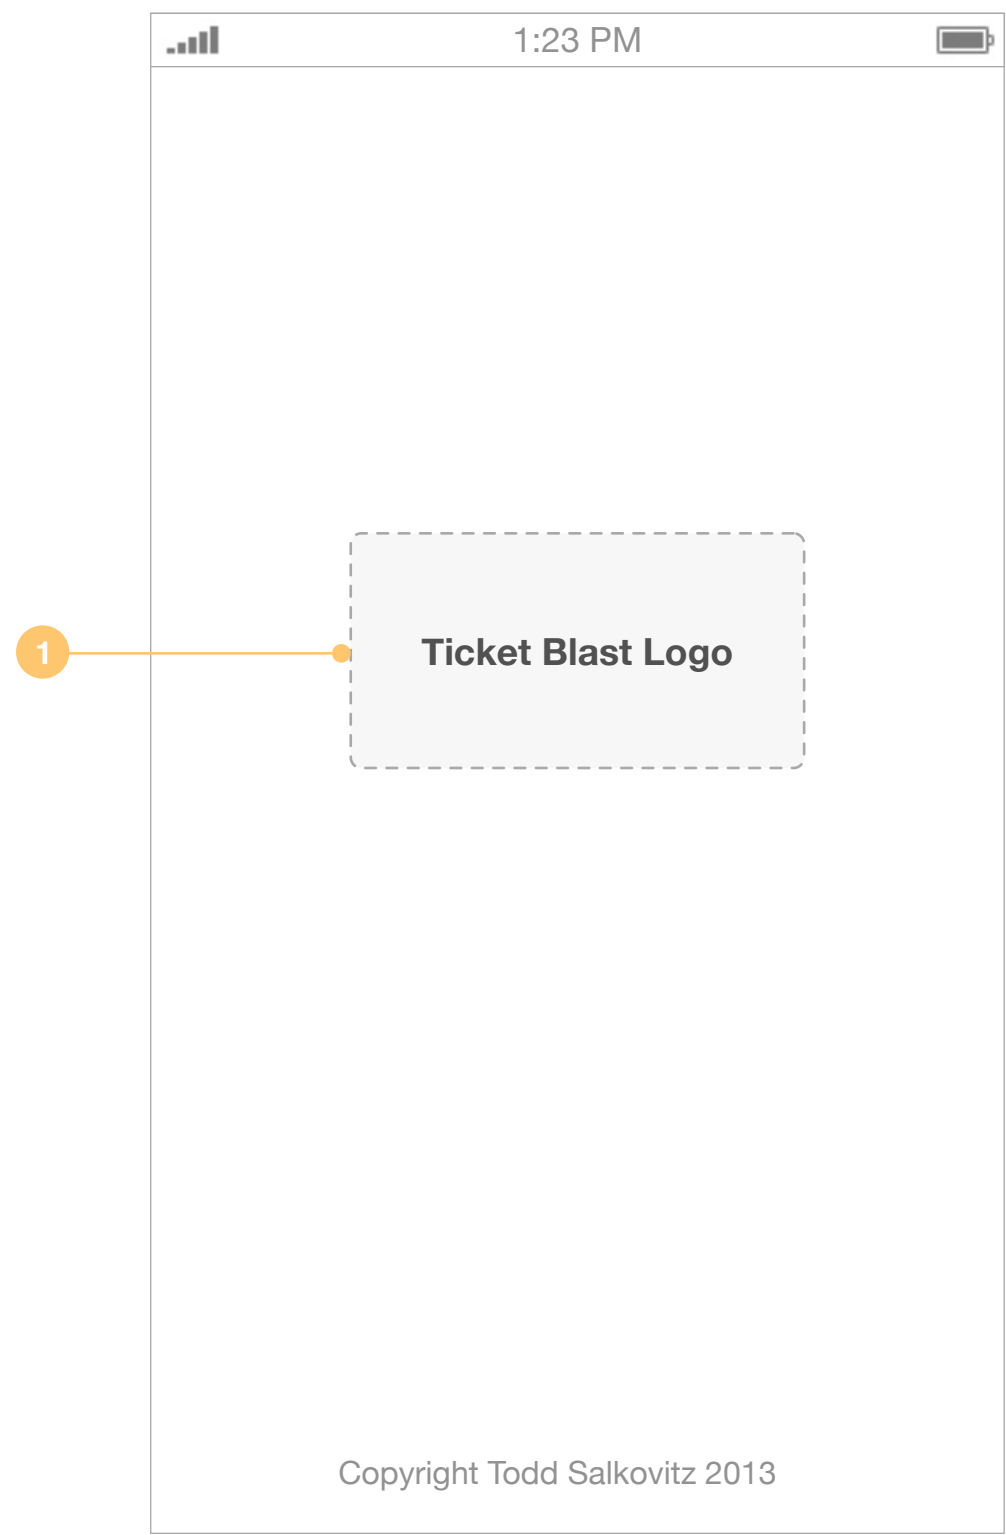

Comments

1. The splash screen is an intermittent screen, that appears once the app is launched and the tickets get loaded for viewing. This automatically takes the user to **1.1 Add New Ticket** if no ticket is previously added to the application. If tickets exist, its takes the user to **2.1 Ticket Cover-flow**.

1.1 Add New Ticket ✓UI

1:23 PM

Add A Ticket

Tap to add a ticket!

Comments

1. The settings screen can be accessed by tapping on this button. This takes the user to **3.1 Settings**

2. Tapping on this area, lets the user add a new ticket, by taking him/ her to **1.2 New Ticket Details**

1.2 New Ticket Details ✓UI

Event Notes

### Comments

1. Tapping on this button takes the user back to **1.1 Add New Ticket**

2. To add a picture, the user will have to tap on this, which will bring up **1.4 Add Photo Action Sheet**

3. User can add the event type by tapping on this, this opens **1.6 Event Type**

4. Tapping on these fields brings up the keypad like in **1.3 Event Entry.** For events/ venues matching previous entries, an autocomplete feature will be made available. The will look like **1.5 Venue Auto-Complete**
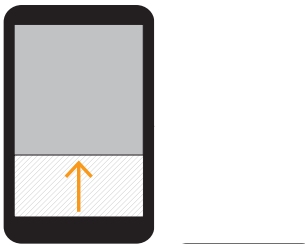

5. These two fields appear only when the Event Type chosen is a Game.

6. Tapping on this opens the date picker like in **1.7 Date Picker.**

7. Event notes can be added by tapping on this. The note can be a maximum of 120 characters long.

8. This saves the ticket and shows up the new ticket in **2.1 Ticket Coverflow.** If mandatory fields are not entered, this button will be disabled.
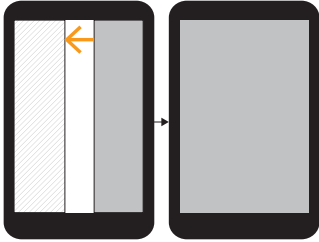

9. User can scroll vertically to view more.
